

Unimate

Ultra-concentrated
yerba mate drink mix

There are some days when you feel like you're on top of the world—it's those kinds of days where you accomplish more, and you do it with style. Other days, your brain feels foggy, and you can't focus. So what makes the difference? How can you make every day a great day?

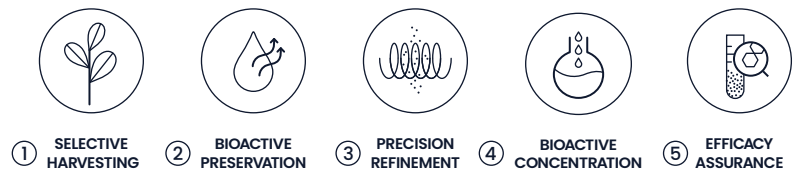

Unimate helps make great days the rule, not the exception.

Yerba mate comes from a plant native to South America, where it has been consumed in community rituals for hundreds of years, and contains natural antioxidants and nutrients. The yerba mate leaves in Unicity Unimate undergo our proprietary BioSelect™ process—selective harvesting, preservation of bioactive compounds, precision refining, concentration of bioactive compounds, and assurance of potency. Unimate is therefore a concentrated extract that retains the naturally occurring compounds of yerba mate. Whatever daily tasks lie ahead, Unimate can help you feel your best.

Choose Unimate, and choose to feel great.

The BioSelect™ Process

Unimate is uniquely powerful thanks to **Unicity's BioSelect™ Process**: select harvesting, bioactive preservation, precision refinement, bioactive concentration, and efficacy assurance.

When to use

- Before working out.
- In the morning to start your day.
- Between meals.
- At your desk, on the go, or anywhere in between

Try this

- Enjoy Unimate your way—hot or ice cold—based on your personal preference.
- For a refreshing twist, add fresh mint and a touch of honey to any Unimate flavor.
- Mix with 2 cups of water and freeze into popsicle molds for a cool, energizing summer treat.

Unimate

Use

- Mix the entire contents of 1 stick pack (5.1 g) with 375 mL (12 oz) of hot or cold water (add more or less to taste). Drink once or twice per day.

Ideal for

- **Entrepreneurs, Business People, Super Moms, and Super Dads:** Unimate provides just the right amount of support to nail that afternoon presentation, finish all the household tasks, or help the kids with the project they just conveniently remembered was due tomorrow.
- **Athletes:** Whether you're working out or enjoying your favorite sporting activity, Unimate fits seamlessly into an active lifestyle.

Ingredients

Green yerba mate leaf: Yerba mate comes from the leaves of the holly plant native to the central regions of South America. Yerba mate has been used by indigenous people for centuries. Yerba mate is a natural source of caffeine, and it contains polyphenols, which have antioxidant activity.

Yerba mate contains naturally occurring:

- **Chlorogenic acids** - Chlorogenic acids are polyphenolic compounds found in plants and seeds, such as yerba mate, green coffee beans, and tea.
- **Theobromine** - Theobromine is a molecule best known for its presence as the "feel good" compound in chocolate.

Designed for health

Today, we face a health crisis unlike any the world has ever seen. Despite scientific advancements in medicine and health care, people are unhealthier than ever.

The good news is that this pervasive global health decline is completely reversible. As The Health Intervention Company, Unicity is committed to combating today's health crisis by developing products that are obsessively backed by science, rigorously tested, and masterfully produced—all to help millions around the world live better lives.

Unimate

FAQs

How much caffeine is in one serving of Unimate?

The product has been tested for an upper caffeine limit, and it has about as much caffeine as one cup of premium coffee. However, since natural ingredients can have some variation, the caffeine amount is not standardized.

Who can take Unimate?

Unimate is intended for adults. Not suitable for pregnant or nursing women, children, or people sensitive to caffeine. More than the recommended use should not be taken.

What if I experience heartburn while using Unimate?

If you are experiencing heartburn with Unimate, it could be that your stomach is more sensitive to caffeine intake or the flavor. Give your body a few weeks to adapt and in the meantime, avoid drinking additional caffeinated products. You may also try drinking Unimate slowly over a longer period of time, drinking a half serving, or adding more water when you prepare Unimate.

Unicity designs and develops innovative nutritional products that make healthy living doable in an on-the-go world.
