

OmegaLife-3 Resolv

US patented, high-quality purified fish-oil

You've probably heard that omega-3 fatty acids are heart-healthy fats that come from fish. But getting enough of them, or the right kind of fish, isn't always feasible.

Fewer people know about omega-6 fatty acids, or why a balanced 1:1 ratio of omega-3 to omega-6 matters. In recent years, that ratio has shifted from around 1:10 to 1:25. Omega-6s are easy to find in the average diet, and omega-3s are much harder to come by, so evening things out takes effort.

OmegaLife-3 Resolv is a patented, high-quality, concentrated, purified fish-oil supplement that delivers 1,500 mg of EPA and DHA, two of the most important omega-3s. They're known for their role in cardiovascular support, cognitive function, and cell structure stability.* They also add omega-3s to your diet to help balance your omega-3 to omega-6 ratio.*

Your body uses EPA and DHA to make resolvins, and that's the idea behind our patented formula. It's designed to support your body's natural resolvin production, compounds known for promoting healthy inflammation levels.*

Features

Patented formula (U.S. Patents 10,624,907 B2 and 11,707,469 B2)

Includes EPA and DHA

Highly purified fish oil

Rich in vitamin E

No fishy aftertaste

Third-party tested

OmegaLife-3 Resolv

Benefits

- Patented formula (U.S. Patents 10,624,907 B2 and 11,707,469 B2) designed to support your body's production of resolvins*
- EPA and DHA can help to maintain normal, healthy blood pressure and overall cardiovascular health, as well as cognitive functions*
- Supports normal inflammatory responses in the body caused by normal everyday activities and stresses*
- Supports physical and mental performance*
- Promotes antioxidant activity*
- Supports the structural stability of important lipids in the body such as those in cell membranes*

Ideal for

- Individuals wanting to support the cardiovascular system and cognitive health
- Individuals looking to balance their omega-3 to omega-6 ratio
- Individuals looking to support a normal inflammatory response in the body caused by exercise
- Individuals looking to supplement omega-3 fatty acids without adding fish to their diets

Use

- Take four softgels daily with water.
- For best results, take with food.

OmegaLife-3 Resolv

Supplement Facts

Serving Size 4 Softgels
Servings Per Container 30

Amount Per Serving		%DV*
Calories	25	
Total Fat	2.5 g	3%
Polyunsaturated Fat	2 g	
Vitamin E (as dl-alpha tocopheryl)	55 mg	370%
Omega-3 Fatty Acids	1700 mg	
Eicosapentaenoic acid (EPA)	1000 mg	†
Docosahexaenoic acid (DHA)	500 mg	†
Additional Omega-3 Fatty Acids	200 mg	†

* Percent Daily Values are based on a 2,000 calorie diet.
† Daily Value not established.

Other ingredients: Fish Oil Ethyl Ester, Fish Gelatin (Tilapia), Beeswax, Glycerin, dl-alpha Tocopheryl Acetate, Purified Water, Wintergreen (Gaultheria procumbens) Oil, Soy Lecithin, L-Arginine, Rosemary (Rosmarinus officinalis L.) Extract, Sunflower Oil, Mixed Natural Tocopherols, L-Ascorbyl Palmitate.

Contains: Fish and Soy.

Ingredients

Omega-3 fatty acids — Not all fats are bad. Omega-3s are essential, and they play an important role in cardiovascular health and neural development. Experts recommend eating fatty fish twice a week, but many people can't because of allergies, access, or preference. OmegaLife-3 Resolv gives you a simple alternative: highly purified fish oil with 1,500 mg of EPA and DHA, the building blocks your body uses to make resolvins.*

Vitamin E — An essential nutrient and the body's primary fat-soluble antioxidant. It helps preserve the structural stability of lipids like omega-3s and the ones that make up your cell membranes. In OmegaLife-3 Resolv, it also supports your body's ability to produce resolvins.*

Designed for health

Today, we face a health crisis unlike any the world has ever seen. Despite scientific advancements in medicine and health care, people are unhealthier than ever.

The good news is that this pervasive global health decline is completely reversible. As The Health Intervention Company, Unicity is committed to combating today's health crisis by developing products that are obsessively backed by science, rigorously tested, and masterfully produced—all to help millions around the world live better lives.

OmegaLife-3 Resolv

Frequently asked questions

What are resolvins?

Resolvins are compounds your body makes from the omega-3s EPA and DHA. They're widely known for promoting healthy inflammation levels.* OmegaLife-3 Resolv provides high-quality EPA and DHA, the building blocks, plus vitamin E, which supports your body's ability to produce resolvins.*

What's patented about OmegaLife-3 Resolv?

OmegaLife-3 Resolv is protected by U.S. Patents 10,624,907 B2 and 11,707,469 B2, with additional patents granted internationally and application pending.

What are fatty acids?

They're the building blocks of fat in your body and in the food you eat. Length, shape, and degree of saturation determine what each one does. Short-chain fatty acids can be absorbed faster for energy. Long-chain polyunsaturated fatty acids, like omega-3s, support the benefits listed above.*

Why should I take OmegaLife-3 Resolv?

Every cell membrane in your body is made of lipid (fat) molecules, and the type of fat helps determine how the cell is built and how it works. Omega-3s play a crucial part in the normal functioning of your heart and brain. Most of us can benefit from more fish oil for a healthier omega-3 to omega-6 balance, and OmegaLife-3 Resolv can help get you there.*

Should I worry about mercury in fish?

Every lot of OmegaLife-3 Resolv is tested against strict quality criteria for heavy metals, as well as appearance, active ingredient label claims, and microbial limits. That confirms quality, safety, purity, strength, and formula composition.

Is it third-party tested?

Yes. An independent third party tests all our products to verify ingredient accuracy, purity, and safety. You get exactly what we promise, nothing more and nothing less.
